## How does Kotak Health Super Top Up work?

Our Super Top Up policy works alongside the basic health insurance policy and enhances it to provide a larger coverage at a much lower premium.

The initial expenses (called deductible) can be covered under your existing policy (personal or corporate) or borne by you. Once this deductible amount is crossed, Super Top Up Insurance becomes active and pays the excess amount. This means, you can still opt for our Super Top Up policy even if you don't have any existing health insurance.

## Illustration

The illustration below shows how our Super Top Up Policy works in case of a deductible for ₹3 lacs & Sum Insured of ₹7 lacs for different claims incurred.

Claims	Deductible Chosen(₹)	Super Top Up Sum Insured(₹)	Claim Amount(₹)	Payable by 1 <sup>st</sup> Policy/Customer(₹)	Payable by Kotak Health Super Top Up(₹)
Claim 1	3,00,000	7,00,000	2,50,000	2,50,000	Nil
Claim 2	3,00,000	7,00,000	4,00,000	50,000	3,50,000
Claim 3	3,00,000	7,00,000	6,00,000	Nil	3,50,000*

\*The base annual sum insured under the Super Top Up policy is fully utilised and hence for Claim 3, only ₹3.5 lacs will be paid out of the Claim Amount.

Additional amount may be eligible for claim depending on the nature of claim and coverage being available under the Restoration of Sum Insured and Double Sum Insured for Hospitalization due to Accident covers.
